Ladies and Gentlemen:

In compliance with section 2151.18 of the Ohio Revised Code, I submit the 2023 Annual Report of the Williams County Common Pleas Court, Juvenile Division. We hope that you find this Report informative as to the number and kinds of cases that come before the Court, and the services that we use to assist our youth and families while striving to protect the community.

Respectfully Submitted,

Karen K. Gallagher, Judge

WILLIAMS COUNTY COMMON PLEAS COURT

JUVENILE DIVISION

The Honorable Karen K. Gallagher
Juvenile & Probate Judge

Susan Sheets, Deputy Clerk
Melissa Short, Deputy Clerk
Krista Wright, Deputy Clerk
Camilla Miller, Deputy Clerk
Alaina Russell, Probation Clerk
Megan Grimm, Part-Time Deputy Clerk
Alexandra Jacoby, Deputy Clerk/Interim FIC Coordinator
Gary Mohre, Diversion Officer
Michael Polley, Probation Officer
John Karacson, Probation Officer
Annie Zervos, Administrative Assistant
Ronda Muehlfeld, Court Administrator

A MESSAGE FROM JUDGE GALLAGHER

“CHALLENGES ARE WHAT MAKE LIFE INTERESTING AND OVERCOMING THEM IS WHAT MAKES LIFE MEANINGFUL”

The Court continues to face challenges – some of which are the same as prior years and some of which are ones that have evolved as new issues face our community and our youth. We continue to make measurable positive impact on the juveniles and families in our county in the areas of mental health treatment, substance abuse treatment, reductions in school truancy, changing criminogenic behaviors and developing effective relationships in families and with others that have important roles in the lives of our youth. We continue the rehabilitation efforts that we have found to be successful and have added additional programs as we have identified the needs of the community. The Court staff has developed and maintained very good relationships with service providers, agencies, the schools and individuals that provide resources to our families. I am very proud of our staff and their innovation and dedication.

This year we entered into a venture with Bowling Green State University and became a site for a Graduate student Psychology Internship. This venture allowed us to have immediate access to testing, evaluation and counseling services. It has permitted us to provide resources and stabilize emergency situations. We expanded our youth community service program and are very grateful for the businesses and agencies that have partnered with us. We were re-certified by the Ohio Supreme Court for our Family Intervention Court for both the Juvenile Treatment docket and the Adult Dependency docket. We continue to work intensely with families and juveniles who wish to make significant changes in their lives. We are in our last year of the ARPA grant, where we received the amount of \$376,556.25 for the operation of the Court. We continue to seek other grants to help in the operation of the Court.

Maintaining our relationships with other agencies in our community and the schools in our district is very important to our daily operations. We are grateful for our collaboration with each school district, superintendent and school staff in our county; with the clinical service and mental health providers in and surrounding our community; Dr. Diane Peters; Dr. Laura Eckhardt; Williams County Job and Family Services; Family and Children's First Council; the Sheriff's Department and officers; all Chief of Police and law enforcement in Williams County; Williams County Commissioners; Williams County Prosecutor, Northwest Ohio Juvenile Detention, Training and Rehabilitation Center; Northwest Ohio Juvenile Residential Center; The Ohio Department Of Youth Services; Northwest Ohio CASA; Northwest Ohio Mediation Services; Richard Altman and Maumee Valley Dispute Resolution, LLC; The Ohio State University Extension Office; the Williams County Bar Association; and the members of the Advisory Committee and Treatment Team for the Court's Specialized Docket. We thank each of these agencies and individuals for their service and partnership with the Court.

We look forward to the challenges that 2024 will bring. We will continue to work to overcome the demands we face and make a difference in the lives of the families and youth in our county.

SUMMARY OF CASES FILED IN 2023

The Juvenile Division of the Common Pleas Court has the responsibility to hear and determine all cases concerning children in Williams County. In **2023**, there were **647** charges/complaints and/or new cases filed. This total includes: **166** delinquent child charges/complaints; **21** unruly child complaints; **105** juvenile traffic charges/complaints; **81** abuse, neglect, or dependency cases; **4** permanent custody cases; **23** adult contributing cases; **28** adult failure to send cases; **1** habitually truant case; and **218** cases involving the allocation of parental rights/parenting time, child support, paternity, and legal custody cases.

DELINQUENCY CASES: Any child under the age of 18 who violates any state or federal law or any local ordinance or regulation, which violation would be a crime if committed by an adult, or any child who violates any lawful Court Order is adjudicated a delinquent child. In **2023**, **166** delinquency complaints were filed. Of the **166** complaints filed, **51** were based on felony charges, **79** were misdemeanor charges, **25** were community control violations, **10** were violations of a Court Order and **1** was habitual truant (2nd Offense).

FAILURE TO SEND: No parent, guardian, or other person having care of a child of compulsory school age shall violate any provision of the Ohio Revised Code regarding school attendance. The Court may require a person convicted of violating this provision to give bond in a sum of not more than five hundred dollars, conditioned that the person will cause the child under the person's authority to attend school as provided by the law, and remain as a student in school during the term prescribed by law. In **2023**, **28** adult failure to send charges were filed.

TRUANCY CASES: Williams County, in collaboration with the school districts, have countywide truancy officers through the Juvenile Probation Department. With the assistance of each school within the county, juveniles and their families were provided alternatives to adjudication options, including truancy mediation. For the **2022-2023** school year, the truancy officers attended **107** absence intervention meetings at the school districts within the county. **91** student/parents were referred to truancy mediation. **73** students/parents successfully completed truancy mediation. Truancy mediation was not successful in **21** cases and students/parents were required to appear in Court.

CONTRIBUTING TO UNRULINESS OR DELINQUENCY OF A CHILD: No person, including a parent, guardian, or other custodian of a child, shall violate any provision of the Ohio Revised Code regarding contributing to the unruliness or delinquency of a child. In **2023**, **23** adult contributing cases were filed. Of the cases filed, **18** involved contributing to the child(ren) being truant.

ABUSE, NEGLECT, AND DEPENDENCY: Cases of abuse, neglect, and dependency are filed by the Williams County Department of Job and Family Services. The Court appoints a Court Appointed Special Advocate (CASA), or an attorney, as the Guardian Ad Litem for the child(ren) in these cases. In **2023**, **81** abuse, neglect, and/or dependency complaints were filed.

PERMANENT CUSTODY: The Court has jurisdiction to determine motions for permanent custody that requests the termination of parental rights of both parents. The Order of a child into the permanent custody of the Williams County Department of Job and Family Services places the child to be considered for adoption. There were **4** motions for permanent custody filed in the Court in **2023**.

ALLOCATION OF PARENTAL RIGHTS/PARENTING TIME/PARENTAGE CASES: The Court has jurisdiction to hear the allocation of parental rights/custody/visitation cases involving children who are born to unmarried parents and not under another Ohio Court's jurisdiction. In **2023**, **85** allocation of parental rights/custody/visitation/parentage cases were filed or reopened.

SUPPORT CASES: The Court has jurisdiction to hear a motion for an order of child support/health insurance coverage of any child, if the child is not a ward of another Court of this state. In **2023**, **133** support cases were filed or reopened.

TRENDS
FOR THE WILLIAMS COUNTY COMMON PLEAS COURT,
JUVENILE DIVISION

	2020	2021	2022	2023

Juveniles Committed to DYS	0	0	3	0

*In the year's prior to 2023, the total Delinquency number included Community Control (Probation) Violations. In 2023, the Motions for Community Control Violations were separated into its own category.

2023 PROGRAMS & SERVICES FOR WILLIAMS COUNTY

YOUTH AND THEIR FAMILIES

JUVENILE PROBATION DEPARTMENT: The Williams County Juvenile Probation department strives to hold juvenile offenders accountable for delinquent and unruly activity, while providing referrals to resources that reduce criminal behavior, and increase the ability of youth to live productively and responsibly in the community. It is the duty of the department to carry out the orders of the Court and serve to protect the interest of the community. Probation Officers are responsible for utilizing all suitable methods to aid juveniles on community control in order to bring about improvement to their conduct. The department recognizes the importance the role the family plays in each youth's response to supervision and therefore requires parents and/or guardians to participate in a youth's treatment plan, as well as other programs to which the youth and family are referred.

The Juvenile Probation Department is staffed by the Court's Administrator, two Probation Officers, a Diversion Officer, the Family Intervention Court Coordinator, and two Probation Clerks. Williams County Juvenile Probation Officers each manage a caseload of juvenile offenders and are responsible for ensuring compliance with Court orders, assessing juvenile's needs, initiating referrals to appropriate agencies, and maintaining related documentation.

Every youth who is placed on community control is required to follow the conditions of community control. These conditions establish the parameters of acceptable behavior for the probationer. Probation Officers enforce the conditions of community control, and if necessary, can file complaints with the Court for community control violations. Each probationer is seen by his/her Probation Officer on a regular basis either at the probation department, at school, or at home.

In **2023**, there were **40** juveniles (**22** males and **18** females) placed on official Community Control. In addition there were **52** juveniles carried over from the year **2022**. As of **12/31/2023**, there were **47** juveniles released from community control. A total of **45** juveniles remained on community control at the end of 2023.

DRUG SCREENING: Urinalysis screening is consistently used by the Court to screen youth for substance use. All juveniles placed on community control are subject to random drug, alcohol and nicotine screening as a condition of their community control. Screening helps to keep youth substance-free and guides the Court on appropriate recommendations for treatment. The Probation Department used a twelve panel instant cup during **2023** testing for cocaine, oxycodone, marijuana, phencyclidine (PCP), methylenedioxymethamphetamine (ecstasy), opiate, benzodiazepine, barbiturate, methadone, amphetamine, methamphetamine, and buprenorphine. The Court also screen for nicotine, LSD, and alcohol use. The Court continues to use a web-based program called Sentry Automated Medical Management, otherwise known as S.A.M.M., to assist in the randomization of drug screens for youth on community control. Youth who have been identified with substance use issues are required to call the S.A.M.M. line every day to determine if they are to complete a drug screen.

LIFE WITHOUT DRUGS: The Life Without Drugs program is a 90-day rehabilitation program provided at the Northwest Ohio Juvenile Detention, Training, and Rehabilitation Center to juveniles who are experiencing alcohol or drug related problems. The Life Without Drugs program educates youth on the disease concept, 12 step support groups, as well as relapse prevention, family origin issues, anger management, coping/decision making skills, and leisure/recreational activities. The on-site therapist conducts in-depth assessments, substance abuse education, group therapy, and individual counseling with the youths placed in the program as well as family engagement sessions. In **2023**, the Court referred **7** juveniles to the program and **2** juveniles had remained in the program at the end of the previous year. **7** juveniles successfully completed The Life Without Drugs program in **2023** with **2** juveniles continuing the program into **2024**.

ELECTRONIC MONITORING: The Court contracts with the Corrections Center of Northwest Ohio (CCNO) for electronic monitoring services. Electronic Monitored House Arrest is used as an alternative to placing juveniles in a secure detention facility. The equipment used is designed to track an offender's movement in the community providing juveniles the opportunity to experience a structured setting within their home. In **2023**, there were **12** youth placed on Electronic Monitored House Arrest.

COMMUNITY SERVICE: In **2023**, the Court began its own Community Service Program, requiring those youth placed on community control to serve a set number of hours of volunteer service within their community. The program has been a success as the Court has partnered with many businesses, agencies and non-profits. In **2023**, **29** youth participated in community service and provided a total of **684** hours of service to our partners within the county.

ON-CALL: The Probation Department has a Probation Officer on-call at all times. This allows for a Probation Officer to be available to law enforcement officials when juvenile related matters occur within the county. The Court has given Probation Officers the authority to detain a juvenile or determine an alternative placement, pending a hearing before the Judge on the next business day. Other than the Judge, the Probation Officers are the only individuals permitted to authorize detention for a youth. In **2023**, the Juvenile Probation Department fielded **109** calls from local law enforcement outside of business hours.

FAMILY INTERVENTION COURT: The Court operates two specialized dockets with its Family Intervention Court (FIC). The Court is certified for a Dependency Docket and a Juvenile Treatment Docket. Cases are taken out of the traditional docket and placed in a specialized docket. The purpose is to bring more intensive services to cases with mental health issues, substance abuse issues, or family systems issues. Cases may be referred to the specialized docket from either delinquency cases, or abuse, neglect, dependency cases. Each case is reviewed by a treatment team which consists of individuals from organizations and service providers in Williams County. FIC may accept a maximum of **10** cases for each docket. To successfully complete the process, participants must successfully complete four phases. It is a voluntary program and all members of the household must consent to being involved in the process. In **2023**, the Juvenile Treatment Court served **13** youth/families while the Dependency Treatment Court served **10** families.

DIVERSION: Referrals to the Diversion Program for Williams County youth come from a number of entities including the Prosecuting Attorney's Office, law enforcement, school administration/staff, Williams County Job and Family Services, community agencies, and parents/guardians of juveniles. Diversion uses programming, supervision, and support as ways to redirect youth. The program reduces recidivism rates, reduces Court costs, and provides necessary services and resources to youth and their families. The Court has three Diversion Programs. One program is Providing Accountability Through Honor and Education, or PATHE. The purpose of this program is to provide a one-time visit with the Diversion Officer that is educational and involves the entire family to assist in finding solutions to the presenting issues. Another program is simply Diversion. The purpose of this program is to provide more in depth and structured assistance. The Diversion Officer completes screens, refers the juvenile/family to treatment, and completes monthly visits. This program can last up to six (6) months. The Court also has Pre-Adjudication Diversion. This program is Court Ordered by the Judge. All filings associated with any case referred to Diversion will be sealed and expunged upon successful completion of the program. **In 2023, 91 juveniles were referred to the Diversion Program. 47 juveniles completed the program successfully, 11 had a neutral termination, 51 juveniles continued into 2024, and 14 juveniles were referred back to the Prosecutor's Office for formal prosecution.**

CARTEENS: CARTEENS is a traffic safety program that educates teen drivers in an attempt to reduce the number of repeat juvenile traffic offenders, decrease the number of teen traffic offenders, and increase teen awareness of traffic/vehicle safety. The "Car" in CARTEENS stands for "Cautions and Responsibility", and the "Teens" refers to the teenagers who help prepare and present the program. In the CARTEENS program, teen and adult leaders teach traffic education safety programs to first-time teen traffic offenders, while also building offenders' self-esteem and interpersonal skills. Program topics include excessive speed, driving under the influence, seat belt safety use, consequences of unsafe decisions, dealing with peer pressure, understanding traffic laws, and recognizing and reacting to traffic signs and signals. This program is presented to Williams County youth through a collaborative effort of the Northwest Ohio OSU Extension 4-H Office, the Williams County Juvenile Court, and the Ohio State Highway Patrol. The Court allows many first time juvenile traffic offenders the opportunity to have their traffic violation dismissed by completing the CARTEENS program. Juvenile traffic offenders that are ordered into the program must successfully complete the program and pay all Court costs prior to their traffic violation being dismissed. **In 2023, 22 juveniles were referred to the CARTEENS program.**

MENTORING PROGRAM: Mentors for Williams County is a nonprofit agency, providing mentors for the youth in Williams County. The goal of the mentoring program is to inspire our youth to make positive changes in their life and end the repeating pattern of harmful or otherwise negative behavior. The Court continues to refer our youth to this program.

FAMILY SERVICES: In **2023**, the Court used Bowling Green State University Psychology Internship Program, Shalom Counseling and Mediation Services, Recovery Services of Northwest Ohio, Center for Child and Family Advocacy and Maumee Valley Dispute Resolution, LLC to bring family services to those involved in the Court system. These services include psychosocial assessments, mental health and behavioral health assessments, diagnosis and recommended treatment plans that include but are not limited to, mental health treatment plans, parenting education, supervised visitation, parent coaching, Parent Project, a Strengthening Families program, conflict management skills training, anger management, alcohol and substance use awareness and treatment services, and mediation and skills training. The family services allow parties to be given tools and new skills that will enable them to improve communication, strengthen relationships, emotional modulation, parenting skills and strategies to solve problems, offer safety, provide structure, positive discipline, celebrate success and build trust within the family system. In **2023**, **61** families were referred to these services.

CLINICAL SERVICES: Services and agencies utilized by the Court include Maumee Valley Guidance Center, Recovery Services of Northwest Ohio, Williams County Health Department, Shalom Counseling and Mediation Services, Comprehensive Case Management and Employment Program (CCMEP), OhioGuidestone, Harbor Behavior Health, Court Diagnostic and Treatment Centers, Dr. Diane Peters, and Dr. Laura Eckhardt.

RESTORATIVE JUSTICE MEDIATION PROGRAM: We began a new program late in 2022 with Maumee Valley Dispute Resolution, LLC to continue bringing victims and juvenile offenders together to resolve restitution issues. In **2023**, the Court referred **7** juveniles/families to this program to resolve restitution issues.

STARS: In **2023**, in collaboration with the Ohio 4-H Youth Development program through The Ohio State University Extension, the Court brought STARS (Students Taking Action and Responsibility for Success) to its youth. The goal of this program was to prepare our youth for success after high school by teaching life and work skills. In **2023**, a total of **59** youth were referred to the program with **40** youth successfully completing the program.

CO-PARENTING IN TODAY'S WORLD: Ohio law requires the Court to provide a parenting education class for parents going through the Court process to establish paternity and to allocate parental rights. In 2022, the Court worked in collaboration with former Magistrate, Richard Altman to develop a program that would met the law's requirements. The program has become a dynamic, interactive program for parents. In **2023**, **52** adults completed the program.

"WHAT ABOUT ME" PROGRAM: The Court continues to provide an educational and compassionate program for children between the ages of 5 and 17 to assist them in the transition when their parents separate or when they become the focus of a custody action. The Court's program uses trained volunteers to assist the children. The Court is one of two Court's in the state of Ohio that provide this program to children. In **2023**, **27** children completed the program.

CONFINEMENT, REHABILITATION, AND PLACEMENT FOR WILLIAMS COUNTY YOUTH IN 2023

NORTHWEST OHIO JUVENILE DETENTION, TRAINING, AND REHABILITATION CENTER: The Northwest Ohio Juvenile Detention, Training, and Rehabilitation Center (NWOJDC), which is located in Williams County, Ohio, became operational in February of 2000 as a regional Juvenile Detention and Rehabilitation Center. The Detention Center provides secure detention to juveniles within the jurisdictions primarily of Defiance, Henry, Fulton, and Williams Counties. The Center consists of approximately 17,000 square feet and has 32 individual detention cells, a control room, multi-purpose room, two classrooms, intake area, nurse, medical clinic, gymnasium, library, administrative offices, and a secure outdoor recreation area. The Northwest Ohio Juvenile Detention, Training, and Rehabilitation Center is governed by a Board of Trustees where each member has a vote. The Court Judges in the four counties are Ex Officio members of the Board. In **2023**, Williams County detained **87** youth for detention and/or rehabilitation at the Northwest Ohio Juvenile Detention, Training and Rehabilitation Center for a total of **2613** days.

JUVENILE RESIDENTIAL CENTER OF NORTHWEST OHIO: The Juvenile Residential Center of Northwest Ohio (JRC) operates a 42 bed facility located in Wood County, Bowling Green, Ohio that houses male delinquent offenders with an underlying felony charge. The mission of the Juvenile Residential Center of Northwest Ohio is to assist youth and their families in making positive changes that contribute to an improved functioning in the home environment while protecting the community. In collaboration with Courts, families, and other outside service providers, the facility seeks to individualize each youth's treatment and enhance their pro-social development. JRC is governed by the following counties: Defiance, Fulton, Hancock, Henry, Ottawa, Paulding, Putnam, Van Wert, Williams, and Wood. In **2023**, the Court placed **6** juveniles with delinquency adjudications of a felony charge into the Juvenile Residential Center of Northwest Ohio.

OHIO DEPARTMENT OF YOUTH SERVICES: The Ohio Department of Youth Services (DYS) is the juvenile correction system for the State of Ohio. DYS is statutorily mandated to confine felony offenders, ages 10-21, who have been adjudicated and committed by one of Ohio's 88 county Juvenile Courts. The mission of the Ohio Department of Youth Services is to improve Ohio's future by habilitating youth and empowering family and communities. DYS also provides parole services to youth upon release from a DYS facility to assist in the transition from the institution back into the community. In **2023**, the Court placed **0** juveniles into the Department of Youth Services and **3** youth carried over from **2022**.
